

# ATTENTION

## OTHER PLASTICS / POUCHES / HDPE (PIGMENTED)

## SORT 6

Container is pigmented/completely opaque (cannot see through). Can be white or other colour.

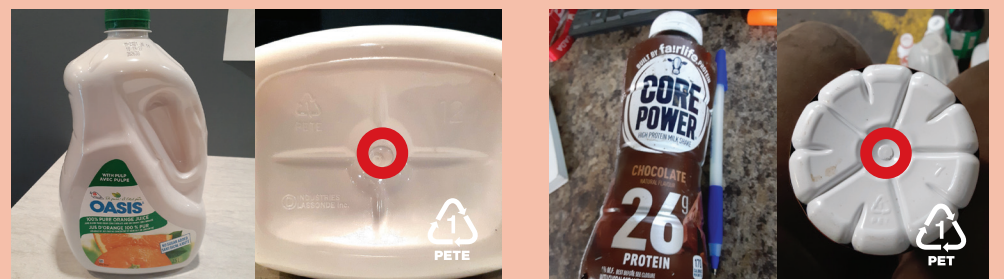

HELPFUL TRICK TO IDENTIFY HDPE 2: Straight line on bottom of the container. The HDPE symbol with the number 2 is also clearly shown.

### BEWARE! THESE BELONG IN SORT 3!

Containers like these are HDPE 2, However, this type of plastic is HDPE 2-TRANSLUCENT (you can see through it) and goes into Sort #3.

Containers like these, though they are opaque and very closely resemble HDPE 2-PIGMENTED, are actually PET. PET goes into Sort #3.

HELPFUL TRICK TO IDENTIFY PET: Circle on bottom of container. PET symbol with the number is also clearly shown.
