

# HOW TO SORT & BULK DEPOSIT-BEARING BEVERAGE CONTAINERS

## ALL OTHER PLASTICS / POUCHES

11

**Refund to your customers:** All containers falling into the other plastics category (HDPE Pigmented, PP, PS & OTHER), as well as pouches (LDPE) - regardless of size and alcohol/non-alcohol content - are worth a 10-cent refund.

Mix in all alcohol and non-alcohol containers falling into the other plastics category (HDPE Pigmented, PP, PS & OTHER), as well as alcohol and non-alcohol pouches (LDPE). Note that plastic pouches no longer need to be separated/kept in a plastic bag. Fill to the line.

Include all bladders from wine boxes in this bulk bag, but **DO NOT COUNT** bladders as part of any total unit counts. (Refunds/service fees are applied instead on the wine boxes that contained the bladders. Quality Control will also not count bladders in this bulk bag.)

Attach completed tag to black handle.

Properly close bag.

Affix *EnSys-Connex* POS shipping label to Encorp yellow tag. If no access to printer, manually fill out the tag.

This bulk bag gets picked up by Hebert's Recycling along with all other non-glass bulk bags (506-773-1880).

Drivers follow instructions provided by Encorp, and are advised not to pick up:

- Bags that are not Encorp bulk bags.
- Bulk bags that are not tagged with an Encorp tag.
- Bulk bags that are unreasonably overfilled or underfilled.
