Refund to your customers: Only glass alcohol bottles over 500 ml are worth a 20-cent refund. All other glass alcohol and non-alcohol bottles are worth a 10-cent refund.

- Only non-refillable clear glass alcohol bottles over 500 ml should be counted as sort/SKU 20. All other non-refillable clear glass alcohol and non-alcohol bottles should be counted as sort/SKU 13.
- Mix in both sorts/SKUs 13 and 20 into the same tub.
- No contaminants will be tolerated in tubs containing glass (ceramics, hazardous waste, rocks, debris, etc.). You may be penalized if contaminants are found.
- Only completely clear glass can be included in sorts/SKUs 13 and 20. If the glass is pigmented or tinted in any way, it needs to be sorted with the green (sorts/SKUs 12 and 22) or the brown (sorts/SKUs 14 and 18) glass.

Affix *EnSys-Connex* POS shipping label to Encorp green tag. If no access to printer, manually fill out the tag. Make sure to indicate both sorts/SKUs and their quantities.
